Serving delicious desserts and breads that are brought to you straight from France, this bakery cafe should be on your list of new places to try. Visit them at their new location in Burlingame at 1380 Burlingame Avenue or call (650) 235-9119 for more information.

WE SEE A BREAKFAST BURRITO in your future. Monday morning is your future so get in the car after you have your morning cup of joe and take the ten-minute drive (from Interstate 280) up to the junction of highways 84 and 35 to Alice's Restaurant in Woodside. This is no ordinary burrito; it's made with chorizo (or your choice of meat), cheese, guacamole, sour cream and salsa. It's just one of many delicious breakfast items on Alice's menu. They also have great burgers, salads, soups, sandwiches and much more!

THE PERFECT PLACE for an elegant, yet casual meal is Portola Kitchen in Portola Valley.

It's a great place for some homemade pasta (made with their imported Italian pasta machine) and an excellent selection of Californian and Italian wines. Many excellent wines are served by the glass, making a light lunch and glass of wine a favorable option. Stop in and say "hello" to Briana, who will be working behind the bar, and ask her which wines are currently being served by the glass. Portola Kitchen is located at 3130 Alpine Road. Call (650) 851-6453 to make a reservation.
